First Oil Painting of the Artist. Painted in 1988 (18 y.o).

Official Worldwide Valuation
These Artworks Prices

These Oil Paintings have been sold in well known Auction Houses - as Drouot Paris - they are
therefore officially referenced in the Art Market (for example, Artprice.com).

It means that these Oil Paintings cannot be sold less than the price they

were sold - adjudicated - in Auction Houses.

All the paintings can be found in the Catalogue raisonné of the artist
(2 volumes containing all the paintings and the pastels).

Dry Pastel.

Because Art is not only a thing of Beauty but also an Investment, it is important for
the buyer to know that these Paintings have a Worldwide Valuation.

It is maybe a matter of some importance to note that ALL my paintings are made "alla prima" (painting technique in which a canvas is completed in one session).
With this technique, cracks never appear.
